

SPONSORSHIP PROSPECTUS

The Next Generation of Retina Innovation

The Empire Forum: Retinal Pipeline and Markets at OSN New York is a one-day executive forum bringing together retina specialists, biotechnology innovators, pharmaceutical leaders, investors, and strategic stakeholders to discuss the therapies and technologies that will shape retinal care over the next decade.

Unlike traditional scientific congresses, *The Empire Forum* is designed to facilitate direct interaction among clinical investigators, industry decision-makers, investors, and key opinion leaders. The program focuses on late-stage clinical development, emerging science, commercialization pathways, investment trends, and the practical implications of upcoming therapies for retinal disease.

Hosted in New York City immediately preceding the OSN New York program, *The Empire Forum* provides sponsoring organizations with a highly efficient platform to showcase innovation, communicate clinical and strategic developments, and engage directly with influential retina specialists and investment leaders.

WHY SPONSOR?

The retina therapy arena is entering one of the most transformative periods in its history.

Emerging therapies in Geographic Atrophy, Wet AMD, Diabetic Macular Edema, and Inherited Retinal Diseases are redefining treatment paradigms and creating unprecedented opportunities for enhanced outcomes and commercialization.

The Empire Forum provides sponsors with:

- Direct access to retina specialists and retina thought leaders
- Visibility among pharmaceutical and biotechnology executives
- Exposure to institutional investors, venture capital groups, and strategic partners
- A platform to communicate pipeline progress and corporate strategy
- Opportunities to generate awareness, partnerships, and investment interest and
- Participation in focused discussions regarding the future retinal therapeutic landscape.

MODERATORS

Rishi P. Singh, MD, FASRS

Chair of the Department of Ophthalmology at Mass Eye and Ear, Mass General Brigham
Harvard Medical School

David Eichenbaum, MD, FASRS

Partner, Director of Research
Retina Vitreous Associates of Florida

Nationally recognized retina opinion leaders will also participate throughout the program as moderators and commentators, providing scientific and treatment perspective and engaging presenters in strategic discussions.

PROGRAM FORMAT

November 5, 2026
Sheraton Hotel Times Square
New York, NY

12:00 PM – 7:00 PM
Scientific Presentations, Panel Discussions and Exhibit Forum

7:00 PM – 8:00 PM
Networking Cocktail Reception

EDUCATIONAL FORMAT

- 7-Minute Podium Presentations + 3-Minute Q&A
 - Panel Discussions
 - KOL Commentary Sessions
 - Investor Presentations
-

TARGET AUDIENCE

Expected participants include:

- Retina specialists
- Ophthalmologists with retina interest
- Biotechnology executives
- Pharmaceutical leaders
- Medical affairs professionals
- Clinical development leaders
- Business development professionals

SCIENTIFIC PROGRAM

SECTION I

Geographic Atrophy

Discussion topics may include:

- Complement inhibition
- Neuroprotection
- Mitochondrial therapies
- Novel biologic & delivery approaches
- Emerging Phase 2 & Phase 3 programs

SECTION III

Diabetic Macular Edema

Discussion topics may include:

- Extended-duration therapies
- Combination approaches
- Novel biologics
- Future treatment paradigms

SECTION V

Investment Forum: Financing the Future of Retina Innovation

Presentations and discussions from:

- Institutional investment firms
- Healthcare-focused venture capital funds
- Corporate venture organizations
- Equity research analysts
- Strategic investors

SECTION II

Wet AMD

Discussion topics may include:

- Sustained delivery technologies
- Gene therapies
- VEGF pathway innovations
- Novel mechanisms of action

SECTION IV

Rare and Inherited Retinal Diseases

Discussion topics may include:

- Gene replacement therapies
- Gene editing
- Cell therapies
- Rare inherited retinal diseases
- Commercialization challenges and opportunities

Topics may include:

- Capital formation trends
- Funding strategies
- M&A outlook
- Partnering opportunities
- Investor perspectives on retina innovation
- Pipeline and commercial outlook

SPONSORSHIP OPPORTUNITIES

Investment: \$25,000

Benefits include:

- Podium presentation – 7 min + Q&A
- Panel discussion lead by the KOL 30 mins for additional questions and context
- 5 attendee badges (Platinum Sponsors can purchase additional badges for \$200 per badge)
- Premium recognition in meeting materials
- Exhibit booth in meeting room
- Company recognition from the podium
- Video recording of proceedings
- Complete attendee list
- Sponsor logo on meeting website and signage
- Priority positioning among sponsors

Investment: \$15,000

Benefits include:

- Panel discussion lead by the KOL 30 mins for additional questions and context
- Exhibit Booth in meeting room
- Recognition in meeting materials
- 3 attendee badges
- Video recording of proceedings
- Complete attendee list
- Sponsor logo on meeting signage

Investment: \$10,000

Benefits include:

- Exhibit Booth in meeting room
- 2 attendee badges
- Recognition in meeting materials
- Sponsor logo displayed throughout meeting
- Complete attendee list

EXCLUSIVE SPONSORSHIP OPPORTUNITIES

~~Cocktail Reception Sponsor \$5,000~~ This tier is fully booked.

- Exclusive recognition during networking reception
- Branded signage
- Recognition from podium
- Logo placement throughout reception area

~~Breaks Sponsor \$5,000~~ This tier is fully booked.

- Recognition during refreshment breaks
- Signage at break stations
- Logo inclusion in meeting materials

~~Meeting Handout Sponsor \$2,500~~ This tier is fully booked.

- Exclusive branding on printed meeting materials
- Recognition throughout meeting

~~Badge Lanyard Sponsor \$1,500~~ This tier is fully booked.

- Exclusive logo placement on attendee lanyards
- High-visibility branding throughout event

~~Stage Logo Sponsor \$1,500~~ This tier is fully booked.

Logo placement in high visibility position on presentation stage

Exhibit Booth Only (available if space permits) \$5,000

- Benefits include:
- Exhibit table
- Company signage
- Access to network activities
- Inclusion in attendee materials

WHY THIS MEETING IS DIFFERENT

The Empire Forum combines three communities that rarely interact in a focused environment.

SCIENCE

Leading retinal disease investigators and clinicians

INDUSTRY

Emerging and established pharmaceutical and biotechnology companies

CAPITAL

Institutional investors, venture firms, and strategic partners

This unique format creates meaningful conversations around innovation, commercialization, financing, and future opportunities in retinal disease.

RESERVE YOUR SPONSORSHIP

Space is limited to reserve a highly interactive forum and maximize sponsor visibility.

Companies interested in presenting emerging science, discussing pipeline strategy, engaging retina leaders, and building relationships with investors are encouraged to reserve sponsorship opportunities early.
